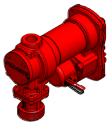
- FR300V SERIES
- FR600 SERIES

YOUR FUEL TRANSFER PARTNER FOR LIFE

LIFETIME



CASTINGS

Pump castings are warrantied against material and manufacturing defects for the lifetime of the pump. This excludes paint and corrosion related issues. Castings include, but are not limited to, motor frames, inlet flanges and bung adapters, junction box covers, motor housings, pump housings, switch plates, and end bells.

5 YR WARRANTY

MOTOR

The motor and associated components within the pump are warrantied against material and manufacturing defects for a period of five (5) years. Motor components include, but are not limited to, magnets, armatures, brush assemblies, thermal protectors, lead wires, brush holders, circuit boards, and circuit board wiring harnesses.

2 YR WARRANTY

WEARABLES

Wearable components necessary for the proper function of the pump are warrantied from material and manufacturing defects for a period of two (2) years. Components include, but are not limited to, seals, gaskets, O-rings, springs, vanes, bypass caps, nozzle boots, switch shaft assembly components, line switches, rotors, rotor covers, and paint*.

**Paint is warrantied for material and manufacturing defects such as adhesion. Normal wear from product use, exposure to the elements, and/or chemicals resulting in paint degradation or corrosion are excluded.*

1 YR WARRANTY

ACCESSORIES

Accessories included in the package are warrantied from material and manufacturing defects for a period of one (1) year. Accessories include, but are not limited to, accessory cabling and cable connectors, elbows, hoses, nozzles, suction tubes, swivels, and anti-siphon kits.

Items not covered under these warranties include, but are not limited to, miscellaneous fasteners, washers, labels, nameplates, rivets, emblems, packaging, Teflon tape, wiring nuts, and documentation.
